New assignments for CMP

CMP has received Stema Shipping as a tenant since December.

"We welcome Stema Shipping to CMP and are looking forward to our new tenant, which will use 16,000 square meters at the Prøvesten bulk terminal in Copenhagen," says Brian Kristensen, COO, Liquid & Dry Bulk, at Copenhagen Malmö Port.

The volumes that will be handled in the areas consist of shards that are used for construction and infrastructure projects among other things.
