Traffic Disruption in Nordhavn

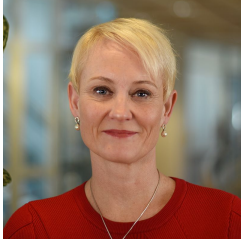

Strandvænget will be closed at Nordhavnsvejen in Copenhagen for eight weeks (from 22/09 to 19/11) due to roadworks.

This means that traffic into and out of the port might be a challenge, but at the same time road construction means that the infrastructure to and from Nordhavnen will improve significantly in the future. CMP will be monitoring the traffic carefully during this period and will maintain a close dialogue with our customers and partners to jointly attempt to operate the port as smoothly as possible during this period.
